## Accommodation: One & Only The Palm

Experience a stay in complete isolation at Palm Island's most exclusive resort. Enjoy breathtaking views of the Arabian Gulf and Dubai's soaring skyline from your private beach. Climb aboard the One & Only boat and immerse yourself fully in the cosmopolitan city, just a few minutes away.

The Palm Manor Premiere Room is extraordinarily large, yet charming and intimate. The king-size bed is a central and dominant element due to its generous size, in full Arabic style. The stay includes an overnight stay in a Premiere room, daily breakfast, private desert safari experience and private airport transfers aboard a BMW 7 Series.

## Atmosphere

The apex of the gastronomic experience that the cuisine offers in Dubai is not only of a purely aesthetic character. With a height of 442 meters from the ground, Atmosphere is located on the 122nd floor of the tallest building in the world, where it is easy to get excited thanks to a perfect combination: the tasting of a series of delicious culinary wonders with a breathtaking view of the Gulf Perch.

The Atmosphere kitchen team boasts a menu of exclusive creations acclaimed by international food critics, a result achieved thanks to the procurement of unique and high quality products from all over the world, some of which have been grown exclusively for use in inside of their plates.

Visit Atmosphere, the highest restaurant in the world, to enjoy a sophisticated breakfast, afternoon tea, leisurely lunch, romantic dinner or a relaxing cocktail in the wonderful lounge.

\* A gift voucher of 150 euros per person for the restaurant is included.

## Burj Khalifa

At 828 m high, the Burj Khalifa is the tallest building in the world and one of the greatest engineering feats of all time. Completed in 2010, the mighty tower represents the beating heart of Dubai and its bold and futuristic ambitions.

The glass-panelled silhouette of the Burj Khalifa pierces the sky like a rocket, but the view from the top reveals its true inspiration: Hymenocallis, better known as spider lily, a white flower found in the desert. Go up to floors 124 and 125 and experience the thrill of exploring the panoramic terrace that offers 360-degree observation of the skyline below.

The 125th floor is a real feast for the eyes, offering a tribute to Arab art and culture: the entire level designed with extreme dedication, is characterised from the entire surface by a Masharabiya motif as part of the central theme of the decor. The 124th floor offers access to an exciting outdoor terrace.

\*An access ticket to the panoramic terrace is included
